

BIOGRAPHY

Born in London in 1950, Dr. Paul Kaye has been a dedicated student of spiritual thought and practices since his youth. Drawing from a Jewish upbringing and a broad education in religious studies, including schooling at the Holy Trinity Church of England School, his explorations have taken him into Yoga, Zen, and the martial arts. Dr. Kaye's interests include the philosophies of such poets and teachers as Lao Tzu, Rumi and Kabir and the esoteric teachings of Jesus Christ.

For over 30 years Dr. Kaye has studied with renowned educator and author John-Roger, founder of the Church of the Movement of Spiritual Inner Awareness (MSIA), an ecumenical, non-denominational church that teaches Soul Transcendence. He currently serves as President of MSIA, and is an ordained minister with a doctorate in spiritual science. Dr. Kaye has edited several of John-Roger's books, and co-authored with John-Roger, *Momentum: Letting Love Lead*, (Publication January, 2003).

Dr. Kaye has designed workshops on the practical application of spiritual principles and presented them worldwide. Paul is a unique and remarkable presence. He brings an abundance of lightheartedness and his wry British wit into whatever he does, and his presentations are inspiring, practical, and filled with a wonderful sense of humor and wisdom.
